WORLD OCEAN DAY 2019
Le Cesine, Italy

Survey on OL activities

6 key messages

- ❑ OL connects marine research with education, policy, economy, and society
- ❑ OL impact monitoring is required
- ❑ OL should be recognized as research field in oceanography and granted adequate funding
- ❑ Partnerships among disciplines give better results
- ❑ Collaborations strengthens European capacity and empower practitioners
- ❑ OL activities should be inclusive and accessible to all

Thank you
